## MEDIA RELEASE

FOR IMMEDIATE RELEASE

### Doonan® Engineers & Builds Chaparral II™ Flatbed Liftgate Trailer

GREAT BEND, KS (October 03, 2016) – Doonan® Specialized Trailer, LLC recently installed a MAXON® Railift® RC-2B series liftgate on a [Chaparral II™](#) flatbed trailer. The 28' x 102 aluminum, 2-axle, 22.5 tire, Chaparral II™ was the perfect model for the size and medium-duty load requirements required.

The Doonan® Chaparral II™ model trailer, combined with the efficiency of the MAXON® liftgate, provides exceptional capacity and durability for the most demanding applications. The self-contained, low-maintenance liftgate provides ease of loading and unloading from the rear of the trailer, and ensures a level ride throughout the lift for maximum load stability.

---

#### KEY MAXON® RAILIFT® LIFTGATE FEATURES:

- ▶ Fully automatic operation—no manual folding or unfolding.
  - ▶ Large platform easily handles palletized or cart loads.
  - ▶ Level ride platform.
  - ▶ Lifting capacity of up to 2,000 lbs.
  - ▶ High performing medium-duty Railift® combined with low maintenance needs
-
